Late fixed-hydraulics native central sections
C | fixed 96 h
C | fixed 108 h
C | fixed 174 h
anomaly | fixed 96 h
anomaly | fixed 108 h
anomaly | fixed 174 h
Depth (mm)
x (mm)
mol/L
Same-depth anomaly removes each material layer mean. Late fields have no completed coupled counterpart and do not establish experimental plume agreement.
